Product Description

Used Komatsu PC210 Excavator With Good Condition Hydraulic Crawler Excavator

Product Description

The Komatsu PC210 excavator is an excellent piece of equipment from the Komatsu brand, with its selling points mainly reflected in the following aspects:

- Strong excavation capability: Equipped with a powerful SAA6D107E-1 engine, it weighs between 21,100 and 21,650kg and has a bucket capacity of 0.94 cubic meters, capable of handling various large-scale excavation tasks.
- Efficient operation performance: With high rotary speed and multiple travel speed options, it meets the needs of different working conditions.
- Outstanding durability and reliability: The use of reinforced working devices and turntables greatly improves the durability of the equipment. At the same time, the upgraded fuel system and hydraulic system also enhance reliability.
- Humanized design: The cab is designed to be safe and comfortable, providing an excellent working environment for operators.

These features make the Komatsu PC210 excavator an efficient, durable, and cost-effective engineering equipment.

FAQ

1. Why can we trust you?

Our company has focused on top quality used construction machines and parts for over 20 years in China. We started as a small construction machinery shop, but now we have become one of leading suppliers in the used construction machines in China.

2. What's your payment term?

Our payment term is T/T, Cash, Western Union.

3. Do you guarantee quality of machines you sold.

We have a very strict control on machine quality, all machines must be tested strictly to avoid any mechanical problem before sales. What's more, we guarantee quality for one year after sales.

4. Can you ship worldwide?

We are very experienced in shipment of heavy machinery, so just tell us your destination port, we will take care of everything from door to door.
