Product Description

Japan Original Komatsu PC400-8 Excavator Used Japan 40ton Large Excavators Digger Product Description

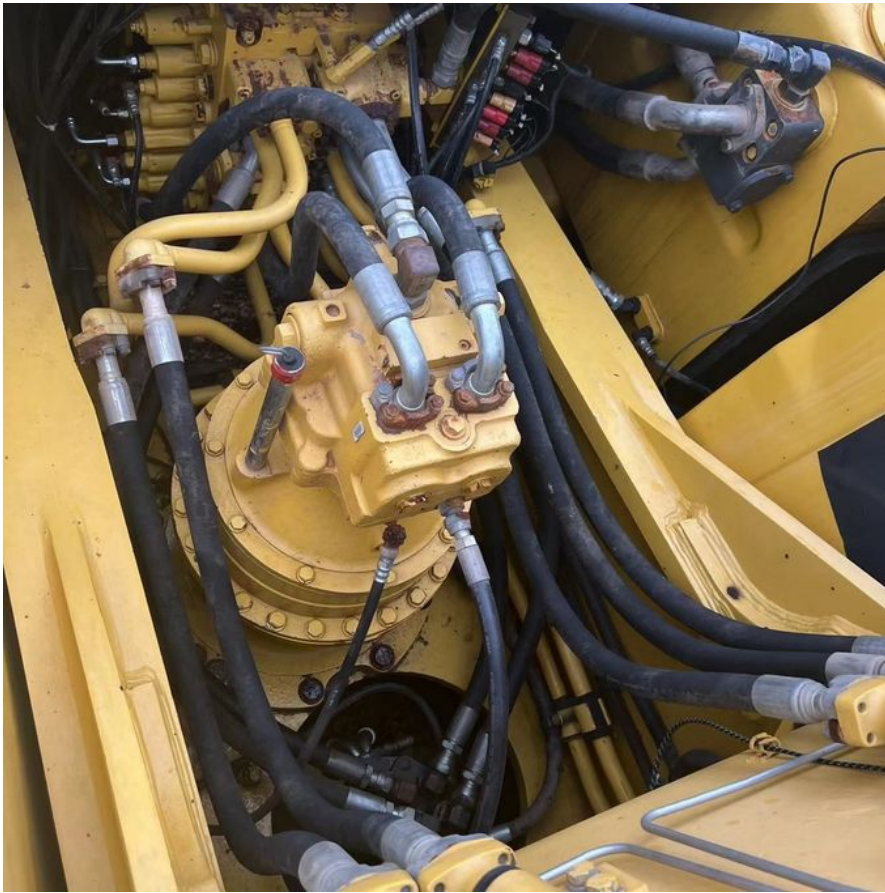

The Komatsu PC400-8 is a 42-ton class track excavator produced by Komatsu. It has strong power and excellent digging ability, with high work efficiency. In addition, it adopts an environmentally friendly clean engine that meets EPA3 and EU3A emission standards; it also uses high-performance filter materials to extend the replacement time of oil and filters. Therefore, both in terms of size and performance, the Komatsu PC400-8 is a very outstanding large excavator.

FAQ

1. Why can we trust you?

Our company has focused on top quality used construction machines and parts for over 20 years in China. We started as a small construction machinery shop, but now we have become one of leading suppliers in the used construction machines in China.

2. What's your payment term?

Our payment term is T/T, Cash, Western Union.

3. Do you guarantee quality of machines you sold.

We have a very strict control on machine quality, all machines must be tested strictly to avoid any mechanical problem before sales. What's more, we guarantee quality for one year after sales.

4. Can you ship worldwide?

We are very experienced in shipment of heavy machinery, so just tell us your destination port, we will take care of everything from door to door.
