Product Description

Volvo Ec60d Used 6 ton Excavator Hydraulic Backhoe Crawler Excavator Used Digger Product Description

The Volvo EC60D excavator is a powerful and high-performance equipment. The performance characteristics of the Volvo EC60D mini excavator include:

- Powerful power: Its 42.3kN digging force, excellent traction performance, swinging force, and hoisting capacity make it able to easily handle various challenging working conditions.
- High productivity: The improved cooling system ensures that the machine can perform better in all weather conditions, achieving a perfect combination of strong power and high productivity.
- Durable: The sturdy quality buckets and hydraulic breakers of Volvo are carefully designed for long-lasting operation under harsh conditions, not only durable but also with excellent performance.

In addition, the attachments of the Volvo EC60D excavator such as the bucket are tailored for Volvo machines. The bucket is reinforced with Volvo tooth and wear-resistant parts, with a longer service life; the variety of crushing tools is complete and has excellent performance, which can cope with various materials. These features make the Volvo EC60D excavator a reliable and efficient device.
