Product Description

Second Hand Mini Track Digger Chinese Brand Sunward Swe60e Used Crawler Excavator

Product Description

The Sunward SWE60E excavator is a product of Shanhe Intelligent Equipment Co., Ltd. It has high cost-performance in the same tonnage excavators. Its performance parameters are close to the industry standard for 7-ton excavators, but its input is only the price of 6-ton excavators, and it can achieve similar working results as 7-ton excavators, so it is considered a great value for money choice.

The overall weight of the SWE60E excavator is 6000kg, which makes its continuous working time longer and its endurance outstanding. In addition, some users have reported that when the SWE60E is used for ditching operations, the fuel consumption per hour is only 3 liters, which is about 60 yuan less than other brands of excavators under the same working conditions, saving more than 10,000 yuan a year. These features make the SWE60E have excellent performance in terms of efficiency and energy saving.
